

MISS KITTIN: TECHNICAL RIDER

* **SOUND_CHECK:** I am using SERATO SCRATCH for all my future dj gigs and this requires a sound_check of 30 minutes, which is usually quicker and hassle free. The agreed sound_check times must be respected.

* **SPACE:** A stable working space where i can place my laptop next to the turntables. NO RUMBLE! (Very important when the bass system is right under the stage!)

* **MIXER:** only PIONEER DJM 800, NO other mixer !!!, with 3 line_in spots free.

* **TURNTABLES:** 2 x Technics SL 1200/1210 (plus a 3rd truntable may be required). They must be properly calibrated, pitch control should be free from grime and turntables should not drift. Turntables should be placed forward, not hip hop style and should be set up on a secure, stable surface with proper isolation underneath to avoid skipping and feedback. Please make sure the turntables are in GOOD CONDITION, stable pitch and stable arm. MAKE A REVISION BEFORE.

* **NEEDLES:** Brand new needles, ORTOFON. Nothing else. Especially NO SURE!

* **CD PLAYER:** PIONEER CDJ 1000. NO model under, please.

* **MONITORS:** NO JBL!!! NO plastic monitors!!! My favorite is TURBOSOUND. Monitors must be connected to the mixer so I can control the volume myself. Please, make an effort to install them to a human level, best on a stand, not on the floor, and not in the air far away from the turntables.

* **LIGHTS:** A Lamp to see what's going on, especially ON the mixer..

* **POWER SUPPLY:** A solid multi_plug with 4 plugs.

*** **I BRING:** a microphone, delay effect box, SERATO scratch amp, cables, computer.

PLEASE CHECK THE DRAWING OF MY SET UP ATTACHED TO THIS SHEET!!

* **SECURITY:** A security person is requested directly at the stage / DJ booth during the show. NO GUESTS in the DJ booth without my approval!

* **EXTRAS, FOOD and DRINKS:** Never forget: A good meal and a nice hotel will improve the performance of the artist! I usually prefer local food, NO fusion_world cuisine. I am allergic to coriander... In the backstage and during the show, please provide with:

2 x bottles of champagne (MOET, VEUVE or similar, cold, in a bowl/cooler of ice cubes)

4 x bottles of still water (room temperature!)

1 x bottle of vodka

+ apple juice, cranberry juice, fruits..

+ 2 fresh white towels

for any questions please contact: manager@misskittin.com or call: +49 (0)30 403015.20
